EDUCATION

University of Southern California, Viterbi School of Engineering **Jan 2023-Dec 2024**
Master of Science in Computer Science

Amrita Vishwa Vidyapeetham, Amrita School of Engineering **Jun 2016-Jun 2020**
Bachelor of Technology in Computer Science | GPA: 9.34/10.0

SKILLS

Programming languages : Java, C, C++, Python, HTML, CSS, JavaScript, PHP, Assembly Language
Databases and Frameworks: MySQL, PostgresSQL, NoSQL, Flask, MongoDB
Software & Platforms: Git & GitHub, JIRA, Visual Studio, Airtable, Virtual Box, Linux, Windows, MacOS

EXPERIENCE

Course Mentor, University of Southern California **Feb 2023-Present**
- Mentor 32 students in the course EE595: Software Design and Optimization, under the guidance of Professor Shahin Nazarian.
- Grade theory and lab assignments as well as design assignment questions.
- Ensure timely feedback to students and assists students in understanding the course material.

Software Development Engineer, Amazon **Jul 2020-May 2022**
- Implemented customer engagement strategies for Amazon Tablets by developing new features, including the integration of movies/TV shows into Appstore and the ability to purchase third-party app subscriptions directly during app purchases.
- Assigned as Release Manager for 4 out of 6 releases in 2021, responsible for handling server deployments, client APK rollout, monitoring crashes and fatal errors, effectively communicating information between PM, QA, DA, and cross-functional teams.
- Designed both HLD and LLD to improve customer experience in downloading or installing apps during low storage on devices.
- Optimized third-party app launch time by implementing a LLD that installed the core profile of the app with the APK, resulting in a 5-7% improvement in latency.

Software Development Engineer Intern, Amazon **Feb 2020-Jul 2020**
- Achieved 30% reduction in maintenance and operation costs by deprecating 3 underutilized services in Amazon GameCircle.
- Led front-end development of Shorts, a first-party app on Amazon Tablets that streams short-duration videos to users, as part of an experimental feature.
- Owned the setup of Sandbox and server environments for Shorts, and demonstrated the app to leadership.
- Demonstrated dedication to operational excellence by performing on-call activities during the internship period and collaborating with cross-functional teams to address customer issues.

PROJECTS

Gift You Buddy **Jun 2019**
- Developed a recommendation system based application during ACMS which allows customers to manage gifting tasks.
- Recommends best deals of the products from various e-commerce websites.

Bookshelf **Jan 2019**
- Developed a web application that enables users to buy and sell books. Created and documented LLD, HLD, and user stories.
- Served as the scrum master and scoped monthly, weekly, and daily goals while tracking progress.

ICTS Service **Nov 2018**
- Designed a Database Management System for ICTS to manage service requests from students and faculty efficiently.
- Leveraged database concepts such as tables, keys, relationships and normalization to reduce the time and effort of ICTS staff.

PUBLICATIONS AND AWARDS

- Published a paper titled “Generation of Call Graph for Java Higher Order Functions” in 5th International Conference on Communication and Electronics Systems (ICCES) 2020.
- Secured 3rd place in Winja Women CTF at Nullcon Security Conference 2018.

LEADERSHIP AND INVOLVEMENT

Event Coordinator, USC Hindu Student Organization **Jan 2023-Present**
- Plan and organize various events for students from different backgrounds to experience and enjoy Hindu culture.

Amazon Campus Mentorship Series, Amazon **Feb 2019-Feb 2021**
- Mentee for ACMS 2019 : Received panel appreciation for presenting Gift You Buddy, a web application.
- Mentor for ACMS 2020 : Guided students in developing software projects and introduced Amazon’s leadership principles.

Aksharasyatha, Student Social Responsibility **Apr 2018-Sep 2018**
- Led awareness among school students about career development and emphasized the importance of physical hygiene.
- Pitched and secured permission from the Mandal Revenue Officer (MRO) for the construction of bore-well in a primary school.

Soukhyam Campaign, Amrita Serve **Jul 2017-Sep 2017**
- Collaborated with local women in 4 villages to prepare Soukhyam napkins, providing a sustainable source of income for them.
- Conducted awareness programs on menstrual hygiene and harmful impact of using disposable sanitary pads.
